Instructions:

1. Click on File -> Make a copy

Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	**Exercise 5 (AddCoins)**	
INPUT	**PROCESS**	**OUTPUT**
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
Users input the number of coins they have (the number of quarters, dimes, nickels and pennies).	Calculates the total value that the user has in each coin using a double method and then sums up the total.	Displays the sum of the coins as a dollar total.
