

Instructions:

1. Click on File -> Make a copy

Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	Exercise 6 (MathTutor)	
INPUT	PROCESS	OUTPUT
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
Asks user for the answer to a randomly generated math question.	Calculates the answer to the randomly generated question and determines if the user is correct or not.	Display whether or not the user got the correct answer. If the user was wrong, the correct answer is also displayed.
